# The Company

---

Constas Shipping Agency is a privately owned Shipping Agency established 100 years ago.

Constas Shipping Agency (CSA) specializes in complete Shipping Agency Services, Chartering as well as in Freight Forwarding.

Expertise, professionalism, quality, loyalty, efficiency and excellent customer service coupled with highly competitive rates are guaranteed when you work with us.

Throughout the years, CSA is one of the most reputable and well-known Shipping Agency Company in Piraeus Greece.

Our team is up for every challenge, handling all type of vessels, with the skill and experience our clients (owners/charterers/traders) must enjoy.

# Our Mission

---

*The mission of CSA is to provide high quality agency services in a timely and cost-efficient manner in order to protect in full, the interests of all vessels calling Greek Ports.*

Our team caters to each project's specific needs to ensure excellence.

Our aim is for our clients to feel secure and confident in regards to their business (owners/charterers/traders) and that is why we provide open communication channels throughout the duration of each vessel's call.

# The most recent projects we are proud of

---

## The Crete – Peloponnese Interconnection

In 2020, Conostas Shipping Agency was appointed as Central Agency for the Crete - Peloponnese interconnection project. Design, supply and installation of a system of 150kV submarine and underground cables type XLPE ER two circuits for the Interconnection of Crete with the Greek Electricity Transmission System (Peloponnese - Crete).

Acting as full agents for the interconnection project (high voltage underwater cable), we were appointed and authorized as well to issue the relevant permissions from MINISTRY OF MERCANTILE MARINE as well as from the Greek Independent Electricity Transmission Operator (IPTO) SA.

Our contract agreement included the booking of suitable berths at Perama repair zone as well as for the smooth berthing arrangements for both vessels of Jan De Null (Cable vessel “ISAAC NEWRTON”) & (DANIEL BERNOULLI) for their planed mobilization/demobilization.

In addition, acting as main suppliers of subject project, we organized the local subcontractors/workshops by monitoring the complete mob/demob of both vessels during their stay (alongside) at Perama repair zone at the commence as well as at completion of the project.

Among our activities was to arrange crew changes for both vessels ( at lest 20 crew / week ) including their transportations from airport to immigration, accommodation arrangements, PCR test at local clinics as well as onboard visits.

## The Crete – Peloponnese Interconnection (cont.)

Of utmost importance was the arrangements of the complete import & export of all the equipment need for the project. For that we have cooperated with numerous suppliers from all over Europe coordinating the transports either by sea or by road as well as arranging the customs clearance procedure issuing the required MRN documents & declarations for the temporary importations as well as for permanent importation that included the import of the high voltage cable (80klm long)

After the completion of mob/demob at Perama, we continue to act as full agents in Crete, Nopigia where the 1<sup>st</sup> phase of the cable commenced. We arranged the accommodation for JDN crew and staff as well as external subcontractors crew changes onboard vessels land transports import / Export of heavy equipment such as winches cables containers etc.

During cabling we also arranged the crew embarkation / disembarkation by tugboats at the designated coordinates given by Master of the Isaac Newton's vessel. Among our activities was to provide the tugs for assisting the vessel Isaac Newton during cabling, informing adjacent ships that current project is ongoing.

During vessel's approach at Peloponnese site (NEAPOLIS) we coordinated the demobilization of the equipment & staff from Crete site to Peloponnese site, arranging the mobilization at new site project.

---

## OSM

Among our clients, is OSM for whom we were proud to act as agents for their managed vessels calling PCT terminal as well as Thessaloniki terminal.

Our collaboration started on 2016 with Container vessels: MAX SUPPORTER, MAX CARRIER, MAX CAVALIER, MAX PRIDE, MAX STABILITY, MAX PRODUCER and ended in 2021 when their contract was released to another party.

Besides the agency agreement of subject vessels, during these years we were handling the spare parts as well, supplies, logistics, crew changes, repairs, provisions, crew boats assistance, tugs in both ports Thessaloniki & Piraeus and basically acting as the main supplier at both ports.

## LUNDQVIST

Among our activities is to have a long-term relationship with LUNDQVIST, owners of Aframax vessels with frequent calls at Asporypros refinery port & Pachi oil terminal port for discharging crud oil.

Acting as owners as well as charterers agents, we handle the full agency of their vessels in both ports including as well, crew changes F.W supply, spare parts imports /exports, tug assistance, crew handling services, transpositions etc.

# What we are proud of throughout the years

---

Our main goal is the long-lasting relationship with our clients/owners / charters and traders.

Among the Projects that have being assigned to us during these years of expertise are as follows:

- ✓ The Rion - Antirion Bridge Project 1997 – 2004 – Acting as agents
- ✓ The Piraeus – Psytalleia Island Sewage Treatment Plant Project ( RAMOND ATHENA ATBE TE) 1994-2007 – Acting as Agents
- ✓ The Piraeus Port Berths Extension 1985 – 1995 – Acting as Agents

# A Team made for Success

---

Great service is all about building relationships of trust.

At Constan Shipping Agency we consider our clients to be one of us. And we treat them as such. And to achieve that outstanding level of service towards them, we select only the best professionals to join our team.

All projects are completed efficiently and on schedule. But most importantly all of our clients consider us their most valuable ally.
